Mr. Ricardo Valera, P.E.
Bureau Chief – Environmental Resource
South Florida Water Management District
3301 Gun Club Road
West Palm Beach, FL 33402

RE: **Paradise Palms**
Palm Beach County, Florida
S19/T46S/R42E

Dear Mr. Valera:

On behalf of the Paradise Palms owner, we'd like to request of an approval of an Environmental Resource Permit within an existing Agricultural area. The Owner is requesting approval for construction of additional lakes, piping, and structures; to provide a more controlled surface water management system for the site.

The site has been, and will continue to be an agricultural area.

It contains numerous special exotic trees, shrubs, and landscaping within the site. The Owner intends to preserve and enhance the vegetation.

The Owner and family, have residences on the site.

There are also other small buildings and structures that are used for maintenance of the landscaping, and special features of this unique property.

We've included the land use breakdown, and stormwater management computations for the site; along with the permit application and fees.

Please don't hesitate to contact us if you have any questions or require additional information on this request.

Your prompt review and approval of this permit will be greatly appreciated.

Sincerely,
Caulfield & Wheeler, Inc.

John F. Wheeler, P.E.
President
